LeetCode: leetcode.com/u/fariyaatale

EDUCATION

Vellore Institute of Technology (VIT), Chennai

Bachelor of Technology in Computer Science Engineering

Expected Graduation: 2028

CGPA: **9.08/10.0**

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Computer Networks, Operating Systems, Computer Architecture, Web Programming

EXPERIENCE

2X Smart Solutions Pvt. Ltd. | Software Development Intern

May 2026 – June 2026 (60 Days)

- Developed and tested an image and video-sharing platform prototype.
- Built a Netflix-inspired streaming application using Vue.js.
- Designed and implemented an AI-Powered Resume Tailoring System that customizes resumes based on job descriptions without inventing skills or experience.
- Participated in debugging, testing, deployment preparation, and feature enhancement.

Defence Research and Development Organisation (DRDO) | Computer Vision Intern

May 2025 – June 2025

- Worked on image detection pipelines for Armoured Fighting Vehicle datasets.
- Utilized Python, TensorFlow, and Kaggle datasets for object detection experimentation.
- Performed preprocessing, training, testing, and evaluation workflows.

PROJECTS

AI-Powered Resume Tailoring System

- Tailors resumes according to job descriptions while preserving factual information.
- Supports PDF upload and ATS-focused optimization.

Driver Drowsiness Detection System

- Real-time fatigue detection using computer vision and facial landmarks.
- Multi-stage alert mechanism for road safety.

Smart Attendance System

- Flutter-based QR attendance application with productivity features.

Image Detection in Armoured Fighting Vehicles

- Computer vision project using TensorFlow and Python.

Four-Way Traffic Light Controller with Pedestrian Crossing

- FPGA-based traffic management system.

Course Management System

- Java-based application demonstrating OOP principles.

TECHNICAL SKILLS

Programming Languages: Python, Java, C, C++, SQL, JavaScript

Web & App Development: HTML, CSS, Vue.js, Flutter

AI/ML: TensorFlow, Computer Vision, NLP, Deep Learning Fundamentals

Core CS: DSA, OOP, DBMS, Operating Systems, Computer Networks, Computer Architecture

Tools: Git, GitHub, Kaggle, Google Colab, VS Code

CERTIFICATIONS

- Cisco Introduction to Cybersecurity
- Cisco Introduction to Internet of Things (IoT)

ACHIEVEMENTS

- Maintained a CGPA of 9.08/10 in Computer Science Engineering.
- Active LeetCode problem solver.
- Completed internships in software development and computer vision.
